

California Education Funding Issues Survey

Methodology

Poll conducted by Fairbank, Maslin, Maullin, Metz & Associates —FMB. A public opinion research & strategy firm.

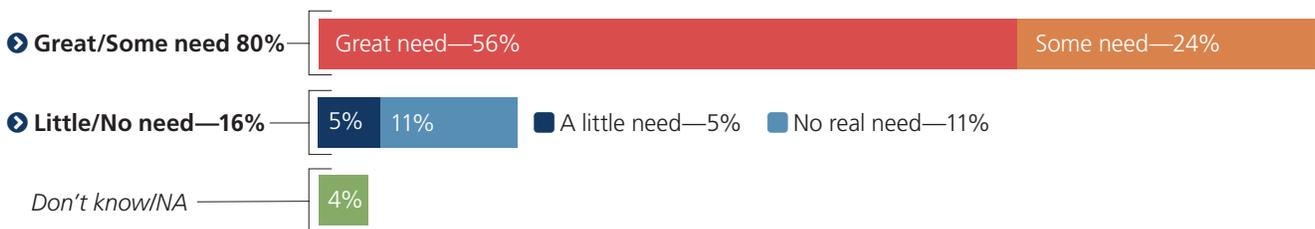

- 1,050 telephone interviews with California voters likely to participate in the November 2020 election
- Conducted March 30–April 9, 2017
- 56% of interviews conducted via landline and 44% on cell phones
- Margin of sampling error $\pm 3.0\%$ at the 95% confidence interval
- Due to rounding, some percentages do not add up to 100

I am going to read a list of issues. For each one, please tell me how much of a problem you think this particular issue is in California: is it an extremely serious problem, a very serious problem, a somewhat serious problem, or not a serious problem at all.

The lack of funding for local public schools

Extremely serious	Very serious	Somewhat serious	Not serious	DK/NA	Extremely/ Very
25%	38%	20%	13%	4%	63%

Generally speaking, in your opinion, do schools in the state of California have a great need, some need, a little need or no real need for additional funding?

And, do you think your local school district has a great need, some need, a little need or no real need for additional funding?
