

# CSBA GOES GREEN. HAVE YOU?

**CSBA proudly offers “environmentally friendly” programs and services. Save your district or county office time, money or resources while having a positive impact on our earth.**

**AGENDAONLINE**—An electronic board meeting agenda service that is Web-based and allows development of and access to board meeting information including agendas, supporting documents and minutes, from any computer that has Internet access. This service saves time and money, and helps the environment by reducing paper.

**GAMUT™ ONLINE**—With GAMUT™ Online, just a click of the mouse provides board members and district staff easy access to CSBA sample policies and related resources needed to govern and manage effectively. Resources include the entire Education Code, Title 5 Regulations and other pertinent state and federal codes and regulations. This service provides electronic updates, saves time and cuts down on the amount of paper you have to flip through to find what you need.

**POLICY ONLINE**—This service combines two great services—GAMUT™ Online and Policy Manual Maintenance. Together these services provide access to your district’s policy manual in addition to all the other GAMUT™ Online resources via the Internet. Another exciting way to save time and money, while reducing the environmental impact.

**SCHOOLS TARGETED ENERGY PROGRAM (STEP)**—A comprehensive energy efficiency program that identifies targeted energy conservation measures, upgrades equipment, saves energy and operational costs and provides a comfortable learning environment. This program helps you secure funding through incentive rebates and low-cost debt financing.

**SMART ASSESSMENT ENERGY PROGRAM™**—Increase your district’s discretionary funding and improve the environment by implementing ‘green technology’ in your schools. CSBA partners with Innovative Energy Services, Inc. to provide the Smart Assessment Energy Program™.

**TELECOM AND UTILITY COST RECOVERY PROGRAM**—You could be paying too much for such services as telecommunications, electricity, natural gas, garbage and water/sewer/storm. We partner with North West Capital Recovery Group to maximize your dollars and be environmentally conscious.

**U.S. COMMUNITIES GREEN INITIATIVE**—The one-stop source for public agency access to a broad line of environmentally certified products and services.
