50-99 DELEGATE ASSEMBLY

50 Authority

The Delegates shall function under the authority granted to them by the Association Bylaws and Standing Rules. The body shall conduct its meetings under the provisions of the most recent edition of *Roberts Rules of Order* when the latter is not in conflict with the Bylaws or these Standing Rules.

51 Purpose

The purpose and responsibilities of the Delegate Assembly are defined in Article III, Section 1 of the Bylaws.

52 Regional Structure

Geographic regions encompassing more than one county shall be divided into subregions, each of which shall be entitled to one or more of the Delegates to which the particular region is allocated. Geographic regions encompassing only one county may be divided into subregions, each of which shall be entitled to one or more of the Delegates to which the particular region is allocated.

The construction or reconstruction of subregions shall be consistent with the preceding paragraph and shall be determined by the member districts of the region. The Director of the region shall be responsible for coordinating the decision and for reporting it to the Delegate Assembly no later than the close of the Delegate Assembly meeting held immediately preceding the Annual Education Conference in December.

C. Reapportionment of Geographic Regions

The Board of Directors shall reapportion the membership of the Delegate Assembly every third year commencing in the 1973 Association year. The reapportionment of Delegates shall be based on figures obtained from the California Department of Education. Upon a change in the number of Delegates to which a geographic region is entitled, the Director of the region shall have the responsibility to apportion the revised number of Delegates among the subregions as follows:

1. When a decrease or increase occurs, the Director shall look at each subregion's total ADA, ensure that each subregion has at least one Delegate, and give consideration to the subregion in which the greatest percentage of increase or decrease has occurred to determine if that subregion should be affected by a change in its number of Delegates.
2. An increase or decrease should take place in the next Delegate Assembly election cycle. The term of office for a new Delegate as a result of reapportionment shall be one year if the balance of odd/even representation is affected. Subsequent terms shall be for two years.

53 Agendas

Agendas for the Delegate Assembly shall be prepared by the President of the Association and the CEO & Executive Director in consultation with the Executive Committee. Agendas items shall include adoption of the two-year Policy Platform, reports from the President and CEO & Executive Director, provisions for election of Directors and officers and the time and location for interaction between candidates and Delegates prior to the election. Agenda items shall be submitted to the President for consideration at least 45 days in advance of the scheduled meeting. The agenda shall be sent to Delegates in a timely manner.

Agendas shall be prepared to ensure engagement, interaction and communication through appropriate use of technology, offering opportunities for breakouts when appropriate, and offering opportunities for Delegates to network, problem solve and share best practices.

54 Change in Member Status

A Delegate who ceases to be a member of a member board no longer qualifies for membership in Delegate Assembly. However, Article III, Section 5(c) of the Bylaws applies to attendance at the next Delegate Assembly meeting.

55 Nomination Procedures for Delegates

- A. Nomination forms shall be mailed, faxed or sent electronically, by the last Friday in October to each member board. Nominations must be returned to the Association office (postmarked by the U.S. Postal Service, faxed or sent electronically) on or before January 7.

- C. If, by the close of nominations, there are insufficient nominations for the open seats in any region or subregion, the Director of that region, or President if there is no Director, shall nominate individuals to run for election. If the Director or President, if there is no Director, is unable to fill the vacancy with a member from a board not represented in the Delegate Assembly, the nominee may be from a member board within the region or subregion that is already represented in the Delegate Assembly.

56 Balloting Procedure for the Election of Delegates

- A. Ballots shall be sent by February 1 to each member board within the geographic region or subregion where there is an election. The ballots shall contain a provision for write-in candidates. Ballots must be returned to the Association office, or be postmarked by the U.S. Postal Service on, or before, March 15. If March 15 falls on a weekend or a federal holiday, the deadline is extended to the next business day.
- B. The ballots shall be counted and certified by the Delegate Assembly Election Committee comprised of three members of the Delegate Assembly who are appointed by the President.
- C. Ballots shall be counted no later than March 31.
- D. Seats up for election on the Delegate Assembly will be filled by those candidates with the most votes. If seats exist for terms of varying length, those candidates with the most votes shall be deemed elected to the seats with the longest terms.
- E. If there is a tie vote for the last position to be filled, or in the case where there is only one position to be filled, the candidates and the Regional Director shall be notified by the President of CSBA.
- F. Run-off ballots shall be sent to each member board of the affected region or subregion immediately following ballot counting.

- G. Run-off ballots must be returned to the Association office or be postmarked by the U.S. Postal Service on, or before, April 30. If April 30 falls on a weekend or a federal holiday, the deadline is extended to the next business day. The run-off ballots shall be counted and certified by at least one member of the Delegate Assembly Election Committee no later than May 10. If needed, CSBA's General Counsel or designee may assist in counting the votes, although the Delegate Assembly Election Committee must still certify the results.
- H. The candidate with the highest number of votes shall be considered elected. If a second tie occurs, the Regional Director shall cast the tie-breaking vote. If, for any reason, there is no regional Director, the President shall cast the tie-breaking vote.
- I. Names of newly elected Delegates may be released to the public following certification of election results by the Delegate Assembly Election Committee to the President. Upon request, the actual vote counts may be released to member boards.
- J. Election results shall be published and disseminated to the membership by May 11 or immediately following the counting of run-off ballots.
- K. Any member board may file a challenge to the election. The challenge shall be in writing, shall set forth the grounds of the challenge. It must be received by the Executive Committee on, or before, July 30 of the year of the election.
- L. The Executive Committee shall present the challenge to the Board of Directors at the first meeting following the date of the challenge and the decision of the Board of Directors on the challenge will be final.
- M. Ballots shall be retained until the beginning of the next election year (November 1) at which time they shall be destroyed under the direction of the CEO & Executive Director. If a written challenge to the election is filed, the ballots shall be retained until November 1 or until the result of the challenge is determined.

57 Filling Vacancies

Directors shall notify the Delegates in their region when a vacancy occurs. Directors shall fill the vacancies according to procedures established in Article III of the Bylaws. Directors shall make every effort to provide maximum representation for their regions at the Delegate Assembly meeting. The appointment(s) shall be ratified by the Delegates within the region or subregion.

If a county board seat becomes vacant, the Director of the geographic region where the vacancy occurred shall contact county boards in the region to submit a name for consideration for appointment. If there is only one county in the region, that board shall make the appointment to fill the vacancy.

4. Initial receipt and evaluation of complaints and recommendations regarding sanctions will be the responsibility of the Elections Oversight Committee (SR 229).
5. In general, the Elections Oversight Committee should evaluate whether to recommend sanctions based on two main concerns: “Does the conduct violate CSBA’s Rules for Campaign Activities?” and “Does the violation give the candidate who committed it an unfair advantage in the campaign?”
6. Sanctions should be imposed proportionally to the level of the violation. The purpose of imposing sanctions is to discourage future violations and when possible, to address any unfair advantage the candidate may have gained by committing the violation.
7. The sanctions described below are provided as guidance for the Elections Oversight Committee. Based on their findings, the Elections Oversight Committee may recommend any of the suggested sanctions in Section D, alternative sanctions, or no sanctions.

The Board of Directors shall decide whether an investigation of the complaint by a third party investigator is warranted. If the Executive Committee does not agree that a third-party investigator is warranted, the matter is referred back to the Elections Oversight Committee for an investigation.
3. Following the completion of the investigation of the complaint by the Elections Oversight Committee or by an investigator, the Elections Oversight Committee will identify the level of any violation, and when applicable, recommend sanctions to the Executive Committee.

5. Moderate or severe violations (Levels 2 & 3) shall be presented to the Board of Directors by the Executive Committee for deliberation and any action.
