Support if Amended: Support only if specific amendments are made

Approve: Approve in concept or principle but do not actively lobby in support

Oppose: Actively monitor, pursue and lobby in opposition

Oppose Unless Amended: Seek defeat unless specific amendments are made

Disapprove: Disapprove in concept or principle but do not actively lobby in opposition

SB 1353 (Pan-D) State Teachers' Retirement System: funding

Current law prescribes methods for calculating the amounts of employer and employee contributions as well as state appropriations for support of the State Teachers' Retirement System. For the 2017-18 fiscal year, and each fiscal year thereafter, current law requires the board to increase or decrease certain percentages relating to the state appropriation to reflect the contribution required to eliminate the unfunded actuarial obligation of the system. Current law prohibits these requirements from being construed as applicable to any unfunded actuarial obligation resulting from any benefit increase or change in member or employer contribution rate under this part that occurs after July 1, 1990. This bill qualifies this prohibition to clarify that specified state contributions made in this regard be allocated to reduce any unfunded actuarial obligation resulting from the benefits and contribution rates in effect as of July 1, 1990.
