

Draft School Safety Resolution

Recent events have placed school safety in the national and state spotlight, underscoring the importance of schools and communities engaged in addressing the conditions of children. In an era of limited resources, collaboration with local law enforcement and other government agencies will be required to maintain safe schools.

CSBA offers the following sample resolution as a tool that you can use to help assure your community of the priority your district places on student and staff safety and your advocacy efforts to encourage the Legislature to provide the necessary resources to increase the number of trained adults on campus, the security of school facilities and collaboration with local agencies.

Embellish this template resolution with specific activities and examples of the way your district is working to sustain school safety as a priority (i.e.: Safe Routes to School, Parent education about drug and gang violence, or professional development for staff regarding school safety.)
