REALIZE THE POWER
OF PARTNERSHIP.

Last call to attend or submit comments: July State Board of Education meeting *LCFF permanent regulations and LCAP template to be acted upon*

The State Board of Education will consider and take action on the permanent Local Control Funding Formula regulations and Local Control Accountability Plan template on **Thursday, July 10 at 8:30 a.m.** Although in general the revised regulations, and especially the reorganized template, are improvements over the existing versions, there is a proposal of concern, which CSBA addresses in its **comments to the SBE**. It is vital that SBE members hear from practitioners and governing board members about the good work being done to improve and increase services for unduplicated pupils under the current regulations. If you have RSVP'd to attend Thursday's meeting, please visit the State Board of Education section of the **LCFF page** on CSBA's website for logistical information, including convening time, locations and maps. If you are unable to attend the meeting, we urge you to use this **sample letter** to submit comments directly to the SBE, and to watch the meeting, which will be **streamed live** on the Web.

CSBA continues to press for reserve cap repeal *Boards urged to adopt resolutions, meet with legislators*

As part of an ongoing effort by CSBA, ACSA, CASBO and other public education management representatives, CSBA is calling upon all governing boards to adopt resolutions and meet with their legislators urging a repeal of the trailer bill language that could eventually lead to school districts being required to spend their reserves and ending balances to dangerously low levels. CSBA has prepared **talking points**, a **sample press release** and a **sample resolution** for immediate adoption. Boards are also encouraged to schedule meetings with local legislators between now and August 4—when the Legislature returns for its final month of session this year, which is scheduled to end August 31.

Honor a legislator who honors public education

Legislative Awards Program nominations are now being accepted

The CSBA Legislative Awards Program, formerly known as Outstanding Legislator of the Year, is now open for nominations! Consider nominating a public official who should be honored for his or her commitment and living legacy to improving education in your district. The revamped and expanded awards program now lets you nominate members of California's congressional delegation as well as state and federal elected or appointed officials. CSBA regions and county school boards associations may also submit a nomination under the enriched program. Legislators may be nominated for recognition in one of five award categories. Awardees must have demonstrated leadership and strong commitment to public schools and support for the role that governing boards play in California public education. [Online](#) or postmarked nominations must be received by Friday, September 12 to be considered. [Visit our website](#) for details, criteria and nomination forms.
