<p>STEP 2: Resolution Adoption</p>	<p>District's Board adopts program documents and sends signature pages to Dale Scott & Company.</p>
<p>STEP 3: Cash Flow Preparation</p>	<p>The financing team assists school districts with the preparation of cash flows for individual district TRAN sizing. These cash flows are reviewed by Orrick, Herrington & Sutcliffe, the program's Bond Counsel</p>
<p>STEP 4: Pricing</p>	<p>District's administration approves all aspects of the pricing including the interest rate on the notes, the investment of proceeds and the final costs of issuance.</p>
<p>STEP 5: Closing</p>	<p>Funds are wired into the district's sub-account held by the Trustee and are invested per the district's instructions. Proceeds begin earning interest from the date of closing.</p>
<p>STEP 6: Closing through Note Maturity</p>	<p>Districts enjoy access to note proceeds for cash flow purposes until payments are due under the notes.</p>
<p>STEP 7: Set-aside Period</p>	<p>Funds periodically deposited into repayment account ahead of maturity date. Provides additional security for investors, improving ratings and lowering borrowing costs.</p>
<p>STEP 8: Note Maturity</p>	<p>Principal and interest on the notes are repaid to investors. Any investment earnings in excess of total costs retained by Districts*</p>
